Group Work

Capstone Exercise 3

Objectives

- Work as a team to refine your decision problem and strategies based on your Amua decision tree What did you have to specify for the model that was not in your initial description of the decision problem and strategies?

Deliverables

- Refined descriptions of decision problem and strategies
- Slide 3 – Objective/Decision problem What do you have to add or subtract to match the decision tree?
- Slide 4 – Strategy options What should you add or subtract to match the decision tree?
