Paired Group Discussion

Capstone Exercise 4

Objectives

- Present your draft Background, Objective/Decision Problem, and Strategy Options to your paired team Quick, 5-minute presentation. Allow plenty of time for feedback.
- Provide feedback on clarity and completeness of descriptions

How can the health issue/condition be more clearly described?

Was the motivation to address the health condition/issue well described? What else is needed to convince you it is important?

Is the decision problem clearly defined?

How well do the strategy options match the background and decision problem?

Deliverables
