

Branding Complete Reference

Health Economics Presentations • All 20 Layouts + Logo Setup

Version 1.0 • VUMC Center for Health Economic Modeling • January 2026

https://github.com/geratcliff/branding_quarto

Quick Start

Setup (One Time)

1. Get `_extensions/branding`
2. Update the YAML header in your document
3. You're ready!

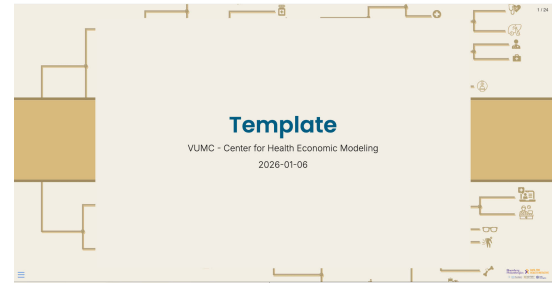

Note: You can use `template.qmd` instead of starting from scratch

Create Presentation

1. Copy template → rename
2. Edit YAML header
3. Add slides using layouts
4. Render!

YAML Header Template (Copy This)

```
---
title: "Your Presentation Title"
subtitle: "Optional Subtitle"
author: "VUMC - Center for Health Economic Modeling"
date: "December 2024"
format:
  revealjs:
    theme: [default, _extensions/branding/custom-brand.scss]
    logo: images/logos.png # ← Add your logo
    slide-number: c/t
    show-slide-number: all
    transition: fade
    background-transition: fade
    margin: 0.1
---
```

Logo Setup

Method 1: Built-in (Easiest)

```
# In YAML header:
format:
  revealjs:
    logo: images/logos.png
```

- ✓ Automatic on all slides
- ✓ Responsive sizing
- ✓ Bottom-right position

Method 2: Custom Position

```
# After YAML header:
::: {.slide-logo .bottom-left .multi-logo}
![] (images/bloomberg.png)
![] (images/data-health.png)
![] (images/cdc.png)
![] (images/vital.png)
![] (images/vumc.png)
:::
```

Approved Logo

An approved combined logo with all partners logos is saved to `assets/logos/logos.png`

How to use this code

Copy the code into your document. Update any areas marked in **Green** text. Notes are added in **Orange** text

★ Essential Layouts

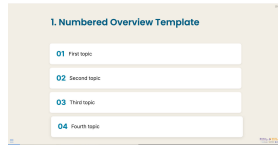

1 Numbered Overview

First slide • Learning objectives • Agenda

ESSENTIAL

```
## {.numbered-list-slide}
<h2> Title </h2>

::: {.number-list}
::: {.list-item}
<div class="number">01</div>
<div class="text">First topic </div>
:::
[Add additional "::: {.list-items}" here]
:::
```

2 Section Divider

Between major topics • Chapter breaks

ESSENTIAL

```
## Section Title {.section-slide}

::: {.section-number}
01
:::
```

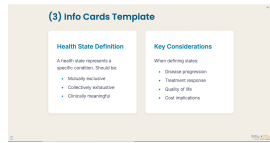

3 Info Cards

2-4 concepts • Comparisons • Definitions

ESSENTIAL

```
## Slide Title
::: {.info-cards}

::: {.card}
** Heading **
- Bullet points
- Multiple items
:::
[Add additional "::: {.card}" here]
:::
```

4 Stats Grid

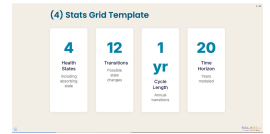

Key metrics • Model parameters • Numbers

ESSENTIAL

```
## Slide Title

::: {.stats-grid}
::: {.stat-box}
<div class="stat-value">42</div>
<div class="stat-label">Label</div>
<div class="stat-description">Details</div>

:::
[Add additional "::: {.stat-box}" here]
:::
```

5 Icon Bullets

Key takeaways • Summary • Important points

ESSENTIAL

```
## Slide Title
::: {.icon-bullets}

- First key point
- Second key point
- Third key point
:::
```

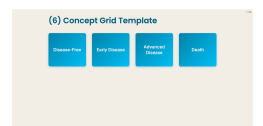

6 Concept Grid

4+ related items • Categories • Options

ESSENTIAL

```
## Slide Title

::: {.concept-grid}
<div class="concept-box">Item 1</div>
<div class="concept-box">Item 2</div>
<div class="concept-box">Item 3</div>
<div class="concept-box">Item 4</div>
:::
```

Content Layouts

7 Split Content

Text + visual • Half-and-half • Image with text

```
## Slide Title

::: {.split-content}
::: {.content-text}
** Heading **
- Point one
:::
::: {.content-visual} ![]
(image.png)
* image subtitle *
:::
:::
```

8 Simple Text Comparison

Text-heavy content • Advantages/challenges

```
## Slide Title

::: {.simple-comparison}
::: {.comparison-column}
<div class="column-header">Column Header</div>
<div class="column-content">
- Point one
</div>
:::

::: {.comparison-column}
<div class="column-header">Column Header</div>
<div class="column-content">
- Point one
</div>
:::
:::
```

9 Comparison Table

Compare 2-4 options • Treatment choices

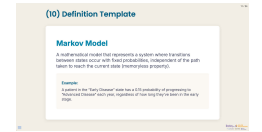

```
## Slide Title

::: {.comparison-table}
::: {.comparison-column}
<div class="column-header">Card Title</div>
<div class="column-content">
- Feature 1
</div>
:::
[Add additional "::: {.comparison-column}" here]
:::
```

10 Definition Box

Define terms • Concepts with examples

```
## Slide Title

::: {.definition-box}
<div class="term">Term</div>
<div class="definition">Definition</div>
::: {.example}

class="example-text">Details</div>
:::
:::
```

11 Highlight Box

Callouts • Important info • Key takeaway

```
## Slide Title

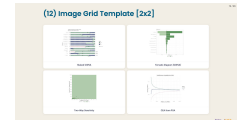

::: {.highlight-box}
<div class="box-title">Title</div>
Key information here
:::
```

Variants: .primary .secondary

12 Image Grid

Multiple images • Examples • Gallery

```
## Slide Title

::: {.image-grid}
::: {.image-item}

<div class="image-caption">Label</div>
:::
[Add additional "::: {.image-item}" here]
:::
```

Fixed: .grid-2x2 .grid-3x3

Process & Timeline Layouts

13 Process Flow

Steps • Methodology • Workflow

```
## Slide Title
::: {.process-flow}
::: {.step}
<div class="step-number">1</div>
<div class="step-title">Title</div>
<div class="step-content">Details</div>
:::
[Add additional "::: {.step}" here]
:::
```

14 Timeline

Chronological steps • Project phases

```
## Slide Title
::: {.timeline}
::: {.timeline-items}
::: {.timeline-item}
<div class="timeline-marker">1</div>
<div class="timeline-content">
<div class="timeline-title">Step</div>
<div class="timeline-description">Info</div>
</div>
:::
[Add additional "::: {.timeline-item}" here]
:::
```

Special Purpose Layouts

15 Pros & Cons

Advantages/disadvantages • Comparison

```
## Slide Title
::: {.pros-cons-new}
::: {.pros-column}
<div class="column-title">Advantages</div>
- Point 1
:::

::: {.cons-column}
<div class="column-title">Disadvantages</div>
- Point 1
:::
:::
```

16 Quote Slide

Quotations • Key statements

```
## {.quote-slide}

<div class="quote-text">
Your quote here
</div>
<div class="quote-author">Name</div>
<div class="quote-context">Title</div>
```

17 Big Number

Single key statistic • Impact number

```
## {.big-number-slide}

<div class="big-number">Number</div>
<div class="big-number-label">Label</div>
<div class="big-number-context"> Context </div>
```

18 Checklist

Tasks • Requirements • Validation

```
## Slide Title
::: {.checklist}
### Title
- Unchecked item
- Another item
:::
```

19 Key Take Aways

End slide • Takeaways

```
## {.summary-end-slide}
::: {.summary-circle}
<div class="end-title"> Key Takeaways </div>
<div class="end-subtitle"> Subtitle </div>
<div class="key-points">
- Point 1
</div>
:::
```

20 Next Lecture Slide

Transition • Q&A

```
## Questions? {.questions-slide}
::: {.next-info}
Next: Topic Name
:::
```
